# MAKES SICK HAIR WELL

Doubles Its Beauty in a Few Weeks

# A Single Application Stops the Itching

Science has now proven that dandruff and scalp eczema are caused by a very active germ so infinitesimally small that it can be detected only with a powerful magnifying glass. It is the activity of these germs that produce the miserable itching of the scalp, sap the life and vitality of the hair, making it dry, brittle, scraggy, and eventually causes baldness. Shampooing will cleanse the hair, of course, but it will not kill the deadly germs; in fact it only tickles their fancy, but just give Lucky Tiger a chance at them, the one remedy that makes no excuses and takes no prisoners.

Lucky Tiger is a real specific, the greatest weapon every arrayed against the microbe family the one remedy that will quickly enable nature to give you a strong, vigorous scalp and a thick, lustrous head of hair.

# Crucial Test Proves Its Efficiency

-And yet dandruff, which is considered incurable by so many people, is so very easy for Lucky Tiger that we suggest a more difficult test. We invite you to look about among your friends and pick out the worst case of scalp eczema you can find. (No matter if the infection is on the hands, face or elsewhere, Lucky Tiger will do the work just the same.) Suggest to your friend that they try Lucky Tiger. Follow the simple directions on the bottle and in a few days note the eliminating, healing process—the glow and the lustre of a healthy scalp—the one chance for nature to restore soft, luxuriant hair. Thousands of grateful letters prove six to eight applications sufficient, but to be dead sure, we base our money back guarantee on one 12-ounce bottle or 15 applications at your barber's.

Dr. Lyon Endorses Lucky Tiger

The formula under which Lucky Tiger is compounded is a Specific for Dandruff, Scalp Eczema and kindred scalp ailments, and I have no hesitancy in saying that in my opinion Lucky Tiger carries a higher degree of efficiency for the eradication of scalp diseases than any

other product on the American market.

Dr. Bishop, the Renowned Hair Specialist, Has Demonstrated

First-That dandruff and eczematous conditions of the scalp are caused by a rapidly multiplying germ.

Second—That Lucky Tiger is a powerful germicide and a genuine specific for all such scalp infections and if used according to directions, quickly removes the cause of scraggy hair and promotes a luxuriant growth.

TO THE WOMEN FOLKS: Tell Daddy or Big Brother to ask his Barber for an application of Lucky Tiger, and bring home a bottle; or send 10c to Lucky Tiger Dandruff Co., Kansas City, Mo., for a generous sample.
